to complete tasks at home can be
frustrating and alienating.
Spring is a great time to involve the
whole household in a **garage clear out.**

THE NATURE OF HOME

APRIL 2024 - WEEK 2

GREEN LIVING

Top Tips to Start You Off

1. Before you start, get together and decide on a **day and time that suits everyone's** schedules
2. Put the **music** on!
3. **Throw out all the rubbish** and broken items - divide up jobs for ownership
4. **Divide the space** into 'stations' for each activity and find storage that is suitable
5. Reward and **motivate each other**
6. If the garage is no longer needed as a storage area, **what else can it be?** Gym, work space, games room?
