### **Home visit with Snowball**

Arrived at the house today at 09:30 – Snowball was in good spirits, greeting me at the door.

Went into the kitchen to check the food. He ate all of his wet food from yesterday, so I cleaned his dish and gave him another pouch of wet food. Lots of kibble left, so no need to refill that.

Scooped the litter box and cleaned up around it with a dustpan and brush. Will change litter entirely tomorrow so it is nice and fresh.

Gave Snowball a bit of a cuddle and fuss – he returned the favour with a purr!
